### Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

### The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced o publish the following terms:

### For Notices of Suppers,

excursions, fairs, or other public enter-tainments where a fee is charged, and for obituary notices, resolutions of re-spect, de., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, how-ever.

### Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten

### Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Locals in The Lengers is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—52 times;—the bill is \$18.25. When he finds it out there is a "Bick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "till forbid" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morn-ing of each day.

## MAYSVILLE-KNOXVILLE.

#### OUR BOYS "SCALPED" FOR THE FIRST TIME.

Yesterday's game of ball was anything but pleasing to the 300 or 400 people who witnessed it.

It was one of those kind of games that makes a fellow feel sleepy at times.

There wasn't enough interest in the game to keep the Kurnels awake half of there's a possible chance, and the Kur-

It did seem as though the Indians had it in for Shorty Lautenbach, as there were seven hot ones driven down to him with a vengeance that told plainly "blud."

Shorty accepted three of these hot ones, and the four that he missed were simply too ragged for anyone to field; and there's no one hates these errors like the little fellow, and today he'll show you how to redeem himself by putting up a gilt-edge game in the "hole."

There were several good plays made in the game, among them the circus catch with one hand of Rogers in center. It was a good play and it brought down the grand stand

Some attribute the boys' defeat to indifferent playing, but, like all players, they just had an off day.

Another thing, people, we musn't expect the boys to put up league ball all

The Umpire gave the Kurnels the warm end of the poker all through the game, and it was enough to take the starch out of a biled shirt, let alone the pitcher. Henry Wadsworth pitched a good game up to the time the decision that district. was made that gave a man life at first on on a clear throwout by Lautenbach

But there's no use in giving the game as it was played by innings-that's rubbing it in on the people.

EARLDOMS. Well, boys, today will be the best of the series.

This is the day we win, as Newton is the lad who'll pitch winning ball. Just look at the line-up of the two

teams, and then go out and see the game. "Dr." Tanner, the fast infielder of last year's Huntington club, has been signed by the Kurnels.

Newt., the lad from the Hoosier State, will put them over for the Kurnels this afternoon. Go out and give him a regular ovation. He deserves it. There was some misunderstanding yes

terday morning about the pitching of the game, which caused the line-up in THE LEDGER to be slightly changed. In the first inning yesterday the Kur nels cracked out four singles and two

Shortie Lautenbach will surely redeem himself this afternoon. People, there's a fellow you're all mistaken in;-he's one of the best little fellows you'll meet

in a day's walk. Well, boys, you'll have to get together last night, and that means a great deal in their language. Today they go out for the final struggle, expecting to win if No. 35 WEST SECOND STREET.

### SUNDAY-SCHOOL WORKERS.

### The Officers of the Union Propose Taking a Census.

The officers of the Mason County Branch of the Kentucky Sunday-school Union want to begin work in earnest with the view of having each home in the county visited for the purpose of taking the census of the county to ascertain just how many children there are in the county who attend Sunday-school and other facts necessary to a complete organization and for a thorough understanding of the field.

To this end we wish to secure one person in each Public School District in the county who will volunteer to canvass

as men Where the work is too much for one person you can secure the assistance of

your friends. Upon application we will forward the necessary blanks and instructions. If you have the good of the youth of

your county in view you can serve them in no better way than this. We hope to have a goodly number re

spond at once. This applies to the city of Maysville as well as the country districts. Give number of your School District.

The house-to-house visitation move-

ment means a great deal. It means, 1. The discharge of an imperative obligation resting upon every Christian to extend the Gospel invitation to all who can be reached.

2. It means the reaching and rescuing of those who otherwise would not receive a direct and personal invitation to Church and Sunday school.

3. It means the growth, spiritual and numerical, of Church and Sunday-school. 4. It means the increasing of love and fellowship between Christians of the young men with a "coon" stood drinking. various denominations.

5. It means the cultivation and growth of the missionary spirit in the lives of those who engage in this work. 6. It means the compilation of statis-

tical information of great value in many This work is of so much importance that the State Executive Committee urge it upon every county, town and Church in the state. It prepares the way for larger effort and when closely followed up, results in a large ingathering into

both Church and Sunday-school. Address John Duley, President, or E. Swift, Secretary, Mason County Branch stamp for illustrated pamphlet. Addre Kentucky Sunday-school Union, Mays-

The death at Louisville of Mrs. Sallie Ward Downs recalls the celebrated case of the killing of Butler by Mat Ward, a brother of Mrs. Downs, and of his trial before the Hardin County Jury that cleared him. It has been some time since we have seen anything in the papers about the "Hardin County Jury," but they used to handle the gentlemen composing it in anything but complimentary terms. Mat Ward married Miss Anna Key, a daughter of Captain Peyton Key, formerly of this county, a lady well knewn here, having spent a good deal of her time at Colonel Marshall Key's in Washington before her marriage with Ward.

Mrs. Rhodte Noah, of this place, was taken in the night with cramping pains and the next day diarrhoes set in. She took half a bottle of blackberry cordial but got no relief. She then sent to me to see if I had anything that would help her. sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I seat him this same remedy.
